NATIONAL  
Republican Ticket.  
FOR PRESIDENT,  
BENJAMIN HARRISON  
OF INDIANA.  
FOR VICE PRESIDENT  
LEVI P. MORTON,  
OF NEW YORK

The Chicago Tribune says if the 60,000 people of Dakota were not held as aliens and denied all right to participate in the election of a President of the United States, and if the Constitution had force and effect in only two of the Southern States—Mississippi and South Carolina—there could be no possible doubt of the election of Harrison. Dakota would give him six electoral votes, South Carolina nine, and Mississippi nine. All the rest of the South might be given up to election fraud and yet with free suffrage permitted in Dakota and the two Southern States mentioned Harrison would gain twenty-four votes and Cleveland lose eighteen. Under such circumstances Cleveland's election would be impossible. He might carry all the Northern States he had four years ago and would still be left far behind. He might be allowed Michigan or Kansas in addition and he would still be in a minority. It is only by the exclusion of Dakota from the Union and the tramping down of free suffrage in the South that Cleveland can hope to secure a second term. The systematic frauds perpetrated in the cotton States are not sufficient. In addition to all this the people of Dakota must be disfranchised. Not only must the South usurp power, and in so doing weaken and degrade the just vote of all the Northern States, but a great community of 600,000 Northern people is disfranchised absolutely. By virtue of such organized political crime the Democracy looks for and hopes for success.

When the Chicago Convention named its ticket, it unconsciously put into it the great issue of the Campaign, as thus:

HARRISON MORTON  
HOME MARKET.

It stands for Harrison, happiness and health; while M is for Morton, ability and wealth; P is for Protection, plenty and pelf; and together they're all for pork, potatoes, peaches, preserves, popple, pudding and a whole lot of good things that the Emigrant comes to Protected America to get.

James G. Blaine: "General Harrison has shown remarkable ability in condensing a whole argument within the dimensions of a proverb. This is a great and rare talent. It was the striking feature in Franklin's mode of reasoning, and was practiced by Lincoln with irresistible effect. When General Harrison in his letter of acceptance described the dogmatic free traders as 'students of maxims and not of markets,' he exposed in one brief sentence the fallacy and the weakness of their economic creed."

Dozens of our Republican contemporaries remark that the enemy is on the run. Well it does look so but don't let's be too sure about this business. Let's follow General Grant's maxim—'look 'em so they'll stay looked.' Besides it isn't safe to trust appearances. Every Republican should work from now until the polls close on the night of November 6th, as if the success of the ticket and the platform depended upon his individual effort.

General Harrison's speeches are like bugle blasts. You do not have to read them twice to be sure you get the sense aright. He says what he has to say in clear, plain, forcible Anglo-Saxon, and the boy just beginning to take an interest in politics can understand the meaning as easily as the gray-beard of sixty winters. His speeches are an epitome of Republican doctrines.

Kansas City Journal: "It is a most remarkable thing that General Harrison should have been making speeches for three months without having 'hid himself upon' once to his watchful opponents. No other public speaker in the country has ever equaled that record."

Much was done to take Indiana from the list of doubtful States when General Harrison received the Republican nomination. The tide there has ever since been setting strongly toward the Republican side.

EASTERN POLITICS.

West Virginia Republicans—Details on General Result.

[Corr. Journal.]  
WASHINGTON, D. C., Oct. 8, 1888.  
EDITOR JOURNAL:—West Virginia just at the present time is the centre of attraction for the politicians of both parties, and much scheming is going on, on both sides, to carry it at the Fall election. The very latest information from that State, is that the forces of the protection party are being concentrated there. I am told that  
A VERY BITTER FIGHT  
is being carried on, and the Republicans are doing all they can in each district by supplying campaign literature and oratory. Money and every instrument of persuasion is being employed with the prodigality that means a desperate struggle. There are four Congressional Districts and no effort is being spared by the protectionists to win. I don't mean to say that all the campaigning is being done by the Republicans; the Democrats are keeping up their end of the work and are making a good fight. The State was carried for Cleveland in 1881 by about 5,000 majority. The protectionists feel sure of carrying the State by 1,000 majority, and instead of three Democrats and one Republican as was present in Congress, the latter party will undoubtedly send four Republicans to the House of Representatives.  
BEING ON THE ELECTION  
Is a little slack just now. Most of the big bats which travel the rounds of the press are made in a circle and don't mean anything. A few individuals who want notoriety make them for show and to influence public opinion. I understand that Col. Wm. L. Brown, of New York, who made that terrible bet on Cleveland, a few days ago, of \$20,000 to \$12,000 with a Massachusetts man, broke the botters all up, as no one was making any such odds. The gentleman who took that bet went to a bookmaking firm and sold his wager for \$17,500, pocketing a cool \$5,500. The public is holding off, except in a small way. Of course there are thousands who bet hats and small amount, running up to \$100 just for flyers, but there is nothing of the heavy plunging that characterizes Presidential years.  
The Pickett monument trouble is all the theme here, coming as it does in a hot Presidential campaign, and just when the South is arrayed against the Northern industries.  
That affair was undoubtedly foolish and twenty years too late. This incident will surely have its political effect; lots of veterans will regard the carrying of a Confederate flag in the procession as a sign that the old spirit still lives, and will be drawn back to their Republican affiliation. The Republican papers here have already taken the matter up and its effect will be greater in the Western States, where the soldier vote is very heavy. In one of my former letters to the Reno Gazette, I described the nature and object of the "Niagara Canal bill," and its prospect of benefiting the residents of the Pacific States. Last Friday it was taken up in the House and considered and almost passed. It would have been passed only that Mr. Fuller, of Iowa, made the point of no quorum against it. He said he would never consent to let such a gigantic piece of legislation go through in such a thin house. After an amendment moved by Mr. Culbertson, of Texas, had been accepted, the vote stood 33 to 6 in favor of reporting the bill to the House for passage. But Fuller's interference stopped its progress at that point. Mr. Culbertson's amendment provided that "nothing in this Act shall be held or construed in any manner to involve the United States in any pecuniary obligation whatever other than in respect to the payment of tolls."

THE BALTIMORE.

A Defect Found in the Large Steel Casting Stern Frame  
WASHINGTON, Oct. 13.—A serious defect has been discovered in the new cruiser Baltimore, which was launched last Saturday from Clamps' shipyard in Philadelphia. It is confined to the immense steel casting stern frame, where a large crack has been discovered. This casting weighs over 10,000 pounds, and it will cost the contractors a considerable sum to repair the injury, providing that it is found necessary to have a new casting made. The cause of this defect is said to be the result of the improper cooling off of the casting, and the weakness thus shown will be rigidly inquired into by a Board who will disown and report to the Secretary of the Navy. It was expected that the Baltimore would be ready to go into commission in about two months, but if this discovery causes a new stern frame to be cast and put in position, the ship will not be ready for sea for a long time.

Democratic Funds Running Low.

New York, Oct. 12.—The Campaign fund at the Democratic National headquarters is nearly exhausted. The contributions cover only about half the current expenses. McClelland, Secretary of the committee, says that certain plans for the closing days of the canvass must be abandoned, unless more funds come. A second appeal to the people is contemplated. Democratic office-holders are contributing little, and no big checks come from protected manufacturers.

Anxiety for the National Ticket.

New York, Oct. 11th.—Sheriff Hugh J. Grant comes out in an announcement to-day that he is ready to withdraw as candidate for Mayor in case Mayor Hewitt, the County Democracy candidate, will do likewise, in favor of a union candidate. Mr. Grant speaks of his and Tammany's anxiety for the National ticket and their unwillingness to do anything to jeopardize that by a local fight.

Close Race Between the Tail-Enders.

Omaha Bee: A vote taken on an incoming B. & M. passenger car, the other day, resulted: Harrison, 42; Cleveland, 3; Fisk, 2. Mr. Cleveland seems to slightly lead Fisk in the West.

A REPUBLICAN VICTORY.

New Jersey Certain to Go for Harrison and Morton.

NEWARK, (N. J.), October 10th.—The charter election held here yesterday was a signal victory for the Republicans and the result overrode their wildest anticipations. Of the fifteen wards in the city they carried eight, thus giving a majority of six in the Common Council. In 1887 Haynes, Democrat, carried the city for Mayor, by 1305 majority, whereas yesterday the head of the Democratic ticket got only 597 majority, thus showing a Republican gain of nearly 800. The Democrats are trying hard to claim a victory, but they have not yet been able to figure it out. In the Thirteenth ward, which is composed entirely of Germans, the Republicans expected to lose an Alderman, on account of the high license bill passed by the last Legislature, a Republican has been returned to the council by the usual majority; and in the Fifth, a Democratic ward, which is composed largely of Germans, the Democratic candidate got but two majority, and a recount has been ordered. The same state of affairs exists in all the wards where it was feared that the Germans would rebel on account of the above mentioned law.

The Republicans are in ecstasies over the result, as they now have no fear of a German revolt in the national election, and instead of this city giving its usual Democratic majority, it will give, at a reasonable estimate, 4,000 or more majority for Harrison. Many of the people who worked ardently for Democratic success yesterday, are heartily in favor of Harrison and Morton, and in the November election will be found working for the success of the Republican ticket.

Another feature of the election which is most gratifying to the Republicans is the fact that the Prohibition vote was less than 100 in the entire city. The result yesterday is but the beginning of the tidal wave which will not only sweep the entire city, but the entire State in November, and give New Jersey's nine electoral votes to Harrison and Morton.

The Republicans and Protection Democrats, who came here from all parts of the election, say it is one of the greatest victories the Republicans ever achieved and it will cause the German element throughout the State to fall in line with their Newark brethren. The victory is due to the great harmony that prevails, for never in the history of the Republican party has it been so thoroughly organized in this city as at present. There are no factions to pull against each other, and as everything is now ready for the national election, the strength of the ticket will increase daily instead of diminishing.

THE BALTIMORE.

A Defect Found in the Large Steel Casting Stern Frame  
WASHINGTON, Oct. 13.—A serious defect has been discovered in the new cruiser Baltimore, which was launched last Saturday from Clamps' shipyard in Philadelphia. It is confined to the immense steel casting stern frame, where a large crack has been discovered. This casting weighs over 10,000 pounds, and it will cost the contractors a considerable sum to repair the injury, providing that it is found necessary to have a new casting made. The cause of this defect is said to be the result of the improper cooling off of the casting, and the weakness thus shown will be rigidly inquired into by a Board who will disown and report to the Secretary of the Navy. It was expected that the Baltimore would be ready to go into commission in about two months, but if this discovery causes a new stern frame to be cast and put in position, the ship will not be ready for sea for a long time.

Democratic Funds Running Low.

New York, Oct. 12.—The Campaign fund at the Democratic National headquarters is nearly exhausted. The contributions cover only about half the current expenses. McClelland, Secretary of the committee, says that certain plans for the closing days of the canvass must be abandoned, unless more funds come. A second appeal to the people is contemplated. Democratic office-holders are contributing little, and no big checks come from protected manufacturers.

**A CAMPAIGN NOTE.**  
How the Central Pacific Accommodates Politicians.

LOVELOCK, October 11, 1888.  
EDITOR JOURNAL:—During Cassidy's speech here to-night he built a navy for the United States, excluded all the Chinese, and made this a free trade country. He did not tell us, however, why the Central Pacific R. Co. hold trains half an hour at each station for him to "set 'em up to the boys." Mr. Bartine will explain that.

**A SUBSCRIBER.**

**A NARROW ESCAPE.**—Billy Raudrup, of the Merchant's Exchange, has only lately returned from a week's visit to San Francisco. While there he narrowly escaped being yanked in with the other three hundred visitors to the famous clock game in Platt's Hall. Billy had stepped in "to see a man only," of course, when an acquaintance accosted him and asked him to go across the way and take a "smile." While they were "smiling" the clock game was raided. When Billy saw how he escaped by the integument of his molars, so to speak, he was feignly thankful, and as he narrates the story to Renoites, he exclaims: "The first time in my life when my peace, liberty and pursuit of happiness under the constitution was saved by a drink."

**ABOUT HAY.**—The Susanville Advocate says:  
The Sierra Valley Leader, assuming a knowledge it does not possess, remarks that a large quantity of baled hay is being shipped from Reno into this valley. We should like to know from what quarter the Leader gathers this information. We have heard of no hay being shipped here, nor, from what we can learn, do we believe it to be a fact. The hay crop is short this year but there will be no suffering.

**ROAD CLOSED.**—The road on the north side of the river leading to Loughton's Springs and Verdi will be closed until further notice. Those desiring to go to Verdi will be obliged to go up on the south side. Work being done at the chalk bluff makes this necessary.

**AN INDEPENDENT CANDIDATE.**—Captain Frank Cook, of Lovelock, is an independent candidate for Assemblyman from Humboldt. He was one of the nominees of the Greenback party some years ago for Presidential Elector.

Louis Cohn, who has been very sick the past two months in San Francisco, returned home Sunday morning. He is still very weak, but is certain this climate will soon brace him up all right. Two or three times during his sickness, he was given up by the doctors, but he pulled through, and all his friends here are glad to see him home again.

As a preventative of small pox the person should be kept clean and thoroughly disinfected. The latter condition is obtained by the use of Dr. Gunn's carbolic chest pad, which, hanging around the neck, saturates the clothing with antiseptic vapor, which is destructive to the germs of contagion. Sold by C. M. Fassett.

Stocks were strong yesterday. The afternoon quotations were as follows:  
Confidence 21, Seg. Belcher 4 1/2, Potom 3 1/2, Sierra Nevada 4 1/2, Union 4 1/2, Chollar 3 3/4, Savage 4 3/4, Alpha 3 20, Con. Va. 10 1/2, Point 6 1/2, Corby 4 3/4, B. & B. 6 1/2, Norcross 5 1/2, Belcher 7, Jacket 6 1/2, Alta 1 90.

**From an Independent Standpoint.**

Indianapolis News (Ind.): To this date in the campaign the drift seems to be plainly toward the Republicans. If the election were held to-morrow we believe that Harrison and Morton would win, clearly.

**Ex-Gov. Hubbard Declares Minnesota Will Give Harrison 25,000 Majority.**

NEW YORK, Oct. 5.—Ex-Gov. Hubbard, of Minnesota, was in the city to-day. He said his State would give a Republican majority of at least 25,000. "Then there was never any disaffection among the farmers on account of the tariff questions?"  
"No the farmers of Minnesota do not exactly agree with the manufacturers about the tariff, but none of them believe in the President's free trade ideas. They think the tariff should be reduced. But not a single farmer that I know of has advanced his politics and gone with the advocates of the Mills bill."  
"How will the Scandinavians vote?"  
"They are nearly all good Republicans and will vote with the party this Fall. Of course the Democrats have tried to convert the Scandinavians, but thus far they have met with signal failures. Prohibitionists? They are active and will poll as many votes as they did in 1884. Our High License law works admirably, and I presume that is one reason why the Prohibitionists do not make large gains. The West is all right, and we look to the East to do its duty and go for General Harrison and Morton."

**A Strong Probability Harrison and Morton Will Carry Virginia**

NEW YORK, Oct.—H. C. Parsons, of Virginia, a prominent Republican, was at the Fifth Avenue Hotel to-day.

"What are the chances of carrying your State for the National Republican ticket?" he was asked.

"There is an actual majority in Virginia for Harrison and Morton varying from 5,000 to 10,000. In 1884 we lost the State by less than 5,000. We carried the State in the last Congressional election by 20,000. We carried it again in 1887 by about 400 majority. There are important influences at work in favor of General Harrison. The tobacco raisers are alarmed by the course of the Administration, which will lose Cleveland a large interest in the southwestern counties. I confess that there is no active political organization on the Republican side. But Gen. Harrison is very popular, and will draw a large silent vote from among the silver-gray Whigs and protection Democrats. If a silent ballot were taken to-day I think it would give Harrison at least 5,000 majority."

**THE SOLD SOUTH.**

**Rebel Flag Honored and Union Flag Insulted in the Virginia Capital.**

The unveiling of the monument over the grave of the Rebel General Pickett took place in Richmond, Va., Friday, Oct. 5th. There were Union veterans from Philadelphia and other points and Union speakers present as a matter of compliment. But this courtesy was shamefully abused by the needless display of rebel speeches. A dispatch from Richmond giving an account of the affair says that in marching to the cemetery "the Confederate soldiers brought into the ranks one of the old rebel flags with the Confederate brigade and division flags. The Philadelphians objected to marching behind these flags with the Stars and Stripes which had been lent by Encampment No. 2, Union Veterans Legion of Philadelphia, with the understanding that the flag should not be carried in line with a rebel emblem. As Pickett's men insisted upon carrying the rebel flag, the legion banner was furled and carried to headquarters. The Philadelphians marched without colors. The committee of Pickett's men also objected to the camps carrying the rebel flag, but without avail. At the grave of General Pickett in Hollywood Cemetery, the speaker's stand was covered with silk rebel flags and two small main American flags. The Philadelphians listened respectfully to Major R. Taylor Scott, the orator, notwithstanding his remarks frequently grated harshly on their loyal ears. The address throughout was in applause of the rebel soldier and his cause, and no bitterly were the lines drawn that ex-Governor Andrew G. Curtin, of Pennsylvania, declared that he was astounded and mortified.

**ADVICE TO MOTHERS.**

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-4w f-1v

From Gen. Harrison's talk to the Iroquois County (Ill.) Republican Club: Our Democratic friends say that a protective tariff is robbery. You see this written at the head of campaign tracts circulated by their committees. You hear it said in the public speeches of their leaders. You have not once, I think, in the campaign heard any Democratic speaker admit that even a low protective tariff was desirable. Those who, like Mr. Randall, have in former campaigns been used to allay the apprehension of our working people by talking protection have been silenced. On the other hand, the Republican party declares, by its platform and by its speakers, that a protective tariff is wise and necessary. There is the issue. Make your own choice. If you approve by your votes the doctrine that a protective tariff is public robbery you will expect your representatives to stop this public robbery, and if they be faithful they will do it—not seven per cent. of it, but all of it. So that I beg you all to recollect that you will vote this Fall for or against the principle of protection. You are invited to a feast of cheapness. You are promised foreign made goods at low prices, and domestic competing goods, if they are made, at the same low rates. But do not forget that the spectre of lower wages will also attend the feast. Inevitably, as certain as the night follows the day, the adoption of this policy means lower wages. Choose, then, but do not forget that this cheapening process may be pushed so far as to involve the cheapening of human life and the loss of human happiness.

**Syrup of Figs**

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Costive; to dispel Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger, Reno.

**A WARNING.**

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is slowed by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may cost you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Bochee's German Syrup. It will give you immediate relief.
